FYI. Jeff Ziliotto is my contact at Bureau of Street Lighting - he's amazing. You can reach out to him for any streetlight outages - in addition to issues with power for our tree lights. This is a good one to save!

Hello Matthew,

This request for a light outage was finally repaired today. We have made the necessary repairs to the failed underground system to restore the lighting. All of the lights should be operating normally.

Thanks,
Jeffrey Ziliotto

Hi Jeff,

Our holiday lighting at Hollywood/Vine on the south side of Hollywood Boulevard have gone out --

could be due to the winds we had last week. Do you think this could be an issue on the city's end?
A breaker or short circuit?

Thank you,

MATTHEW SEVERSON

Hi Matthew,

Actually, those lines were all working last week. I think they went out when we had the big winds earlier this week. So, not sure if this is a St. Nick's issue or if it is a street lighting issue? Could be a breaker perhaps?

Best,
Leron

Thanks Leron. It is my understanding that these lights have not yet been operational and still in progress. I've been having trouble getting a hold of Joe but I'll make sure he is aware.

Matthew,

See below. The windstorm may have short circuited something there. Can you check into?

Best,
Leron

Leron - did not see lights lit on the south side of Hollywood Blvd east of Vine.

Fw: FW: Hollywood Blvd

Was coming off the 101 down Hollywood Blvd and saw all the lights on the north side - Pantages.
But there were no lights on the South side of the Blvd.

Is there a problem?

Dwayne
